### EDUCATION

Year	Degree/Exam	School/University	GPA/Marks(%)
Sep, 2022 - Present	B.Tech (CSE)	Graphic Era Deemed to be university	9.50/10.0
2021	12 <sup>th</sup> , C.B.S.E	Alakshya Public school	95.80 %
2019	10 <sup>th</sup> , C.B.S.E	Alakshya public school	92.00 %

### PROJECTS

- **Credit Card Fraud Detection** (Nov, 2023 - Feb, 2024) :  
Implemented an innovative fraud detection system leveraging logistic regression, resulting in a marked decrease in fraudulent transactions by 40% within the first month of implementation, boosting overall transaction security.  
Achieved model accuracy of 97% on test data, ensuring reliable predictions.
- **Command injection with ARP spoofing Attack Detection** (March, 2024 - June, 2024) :  
Executed two types of attack "Command Injection" and "Command Injection with ARP Spoofing".  
Achieved model accuracy of 77% on test data, ensuring reliable predictions.
- **Airbnb clone** (April, 2023 - Sep, 2023)  
(NodeJs, ExpressJs, MongoDB, Deployment(render), BootStrap) :  
**Implemented features:** User authentication, property listings, booking system, reviews, and interactive maps.  
Utilized interactive map location features, allowing users to accurately pin and view property locations..  
Database: Designed a scalable MongoDB database to manage 10,000+ property listings and user reviews.  
Responsive Design: Engineered a mobile-responsive UI with React, enhancing user experience across devices.

### TECHNICAL SKILLS

- **Languages :-** C++, Javascript, C, HTML, SQL, Java.
- **Tools and Frameworks :-** ReactJS, BootStrap ,Git -Github,MongoDb,Tailwind CSS
- **Concepts :-** Object-Oriented Programming (OOP), Data Structures, Algorithms .

### ACHIEVEMENTS

- **JEE Mains** - Scored 92 percentile in JEE-Mains,2022
- **Code Cleanup 2.0** - Winner of Code CleanUp , Debugged complex issues across multiple modules, improving the reliability and stability of the application.
- **Solved 500+ problems** on platforms like LeetCode, Codeforces, and CodeChef, showcasing strong problem-solving skills in algorithms and data structures.

### POSITIONS OF RESPONSIBILITY

- **Volunteer GEU-ACM** Organized technical workshops, hackathons, and coding competitions for the university's student community.).
- **Event Coordinator, University Tech Fest** Directed the logistics and execution of the annual tech fest, coordinating with 15+ teams and ensuring the successful participation of 500+ attendees.
- **Teamwork:** Proven ability to collaborate with diverse teams, contributing to a positive and productive working environment.
